

Rink of Dreams, 2006-2007

The 2006-07 hockey season is quickly approaching and the Tampa Bay Lightning want your team to play on the Bolts home ice! That's right, you can play on the same ice as the pros! As a preferred Rink of Dreams player, we are sending you the Rink of Dreams schedule before announcing it to the general public.

Let us simulate an NHL game day experience for you and your team with the Tampa Bay Lightning Rink of Dreams! Your team will use Forum locker rooms, have pre-game introductions with P.A. announcer and music, and play on the St. Pete Times Forum ice before or after a Lightning game. On top of everything else, your team will be able to stick around to root on the Bolts as they take on the top teams in the NHL!!

For participation in this unique opportunity, a commitment of 50 lower-level seats, or 80 terrace center level seats is required for weekday games (\$4,000) and 70 lowers, or 110 terrace center level seats for weekend games (\$5,500). You save \$20 off the face value of each ticket. Time slots go fast, so call today to reserve your team's spot.
